

The EZButton™ is a sleek and compact terminal, designed to capture the attention of a diverse range of player segments and provide a simple device for accessible, spontaneous, and user-friendly play. With a very small footprint and highly visible display, it is designed to ensure ease of use and can be easily placed within retail and casino environments. The EZButton™ can dynamically display content from websites and backend systems and is the ideal terminal to deliver content such as lottery, gaming or sports betting.

FEATURES

- 7-inch full-color LCD screen
- Capacitive multi-touchscreen
- Small footprint (150mmx210mm)
- Dynamic display of website content
- Intuitive design for maintenance
- Responsive touchscreen and rapid printing

BENEFITS

- Variety of applications:
 - Self-Serve Terminal for Lottery
 - Sports Betting Kiosk
 - Players Loyalty Kiosk
 - Promotional Kiosk
- Ideal for self-serve application
- Maximizing space with its small footprint
- Networkable
- Advertise your products and services easily

NANOPTIX
